

How to use the ChampOptimiser®

Step 1 – Select animal type

Select your type of animal to get started.

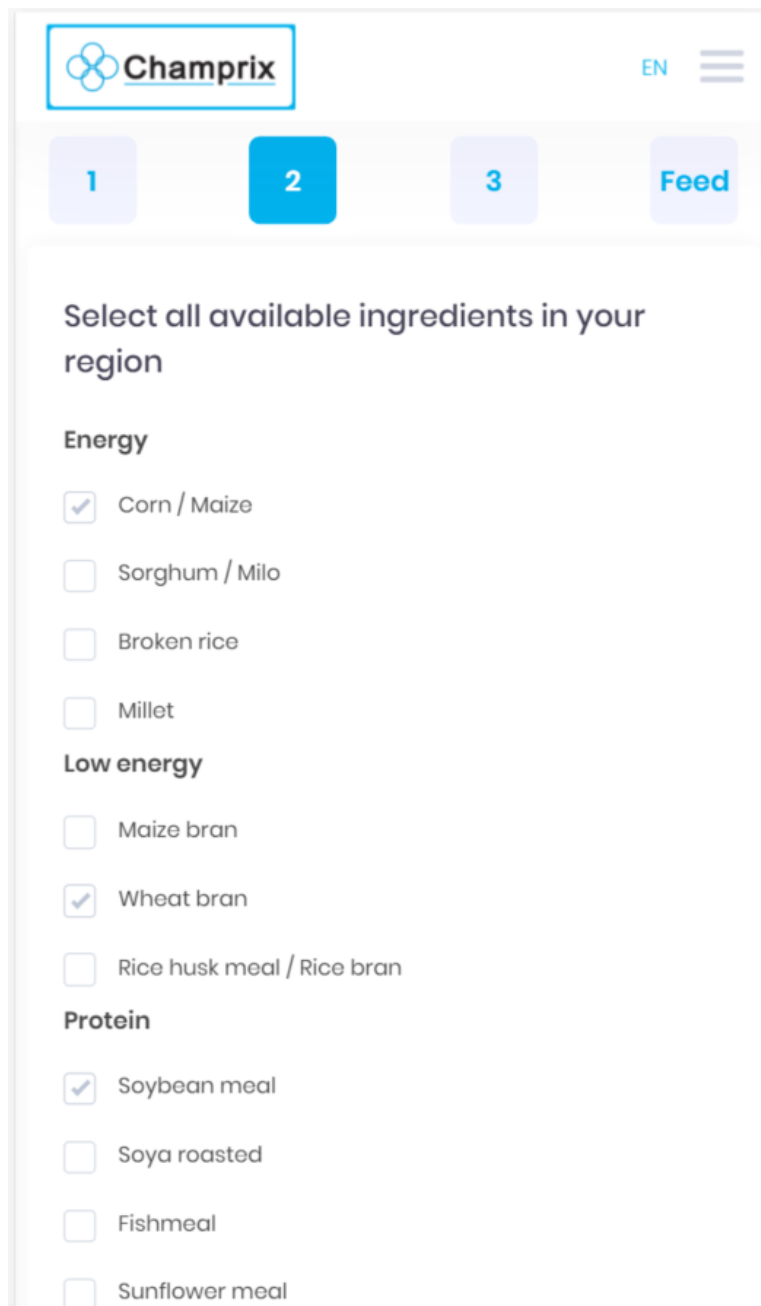

Then click 'Next step' on the bottom of the page or on the button '2'

The screenshot displays the ChampOptimiser web interface. At the top left is the Champrix logo, and at the top right are the language 'EN' and a menu icon. Below this is a progress bar with four buttons: '1' (highlighted in blue), '2', '3', and 'Feed'. The main content area is titled 'Choose your animal type' and contains three radio button options: 'Broiler' with a chicken icon, 'Pullet/Rearing' with a chick and egg icon, and 'Layer' with a chicken and egg icon. At the bottom of the form is a blue 'NEXT STEP' button.

Step 2 – Select ingredients

In this step the user selects the available ingredients. Mark all the ingredients that are available in your region. It is required to select at least one high energy product and one Premix/concentrate. More ingredients will make your recipe cheaper.

The screenshot shows the Champrix application interface for Step 2: Select ingredients. The top navigation bar includes the Champrix logo, the language 'EN', and a menu icon. Below the navigation bar are four tabs: '1', '2', '3', and 'Feed'. Tab '2' is currently selected. The main content area is titled 'Select all available ingredients in your region' and is organized into three categories: Energy, Low energy, and Protein. Each category contains a list of ingredients with checkboxes for selection.

Champrix EN

1 2 3 Feed

Select all available ingredients in your region

Energy

- Corn / Maize
- Sorghum / Milo
- Broken rice
- Millet

Low energy

- Maize bran
- Wheat bran
- Rice husk meal / Rice bran

Protein

- Soybean meal
- Soya roasted
- Fishmeal
- Sunflower meal

Step 3 - Prices

In this step the user set your current price per kilogram. Fill in the prices in your preferred currency. It is important to use the same measurement unit. I.e. all prices per 1.000 kg

The screenshot shows the Champrix app interface for Step 3 - Prices. At the top, the Champrix logo is on the left, and 'EN' with a menu icon is on the right. Below the logo, there are four navigation buttons: '1', '2', '3', and 'Feed'. The '3' button is highlighted in blue. The main content area is titled 'Enter your current market rates per 1.000 kilogram'. It contains four input fields, each with a currency icon on the left and a text input on the right. The first field is for 'C1921 Broiler conc. 10%*' with the value 'C1921 Broiler conc. 10%'. The second field is for 'Corn / Maize*' with the value '350'. The third field is for 'Soybean meal*' with the value '600'. The fourth field is for 'Wheat bran*' with the value 'Wheat bran'. At the bottom, there is a 'PREVIOUS' button and a large blue 'CALCULATE YOUR OPTIMAL ADVICE' button.
